COMMITTEE OF SEVEN NAMED FOR REORGANIZATION OF DEMOCRATIC PARTY IN PENN'A

Democracy Asks that Confidence be Re-established in the Party in the Reorganization Scheme.

The following letters have passed between Vance C. McCormick, chairman of Reorganization Committee and State Chairman Dewalt, in which the Committee of Seven are named. The letters might have been worded differently toward the goal of a harmonious and reunited Democracy. The committee having charge of the work, as well as those advising them should work for harmony and the re-establishment of confidence. That is what the Democracy of Adams county is asking and expecting.

Permit me to acknowledge the receipt of your letter informing me of the appointment by your committee of Messrs. Davis, O'Brien and yourself as members of the Conference Committee.

McCormick's Letter.

Harrisburg, March 10, 1911.
Hon. Arthur G. Dewalt, Chairman of the Democratic State Central Committee, Allentown, Pa.

Dear Sir:—You are hereby respectfully notified as follows:

"First, that under and in accordance with the resolution of the Democratic State Central Committee, adopted at its special meeting held at Harrisburg, Thursday, March 2nd, 1911, the special committee, of which Vance C. McCormick is chairman, and which is known as the 'reorganization committee,' has selected Messrs. Joseph O'Brien of Scranton, B. F. Davis of Lancaster, and Vance C. McCormick of Harrisburg, as three of the members of the committee of seven authorized by the Democratic State Central Committee and a new Executive Committee of the Democratic State Central Committee and a new member of the National Democratic Committee.

"We are informed that the Democratic members of the sixty-second congress from Pennsylvania have selected a fourth member of said committee, namely, Hon. W. B. Wilson of Tiooga county, and that you have been notified of said selection.

"Second, the four gentlemen above named as members of said committee of seven will meet for the purpose of their appointment on the fourteenth day of March, A. D., 1911, at 2 o'clock p. m., at the Board of Trade rooms, Harrisburg, Pa.

"We trust that the three persons you are authorized to select for membership upon said committee of seven will be named promptly and notified, so as to enable them to meet with the four members already named, at the time and place above specified, or at such other time and place as the members of the committee may themselves agree upon.

Dewalt's Letter.

The letter reached me March 11, and I now, at the earliest possible moment, inform you of the selection by me of Hon. R. E. James, of Easton, Hon. Walter E. Ritter of Williamsport, and Charles P. Donnelly of Philadelphia, to act as members of the said conference.

The date of the meeting, March 14, at 2 p. m., Harrisburg, seems to have been arbitrarily fixed by yourself and is at such an early time after your letter to me, that I have had some difficulty in securing representatives whose business engagements did not prevent their presence, but I believe that the gentleman named will be at the place designated at the time mentioned.

Perhaps courtesy and fair dealing would have prompted you to consult me as to the time and place, particularly as you delayed your appointments from March 2 to March 10, but perhaps again our opinions as to courtesy and fair dealing differ.

Whilst I make the appointments in accord with the instructions of the State Central Committee, I still maintain that and action of the conference must be reported to the said State Central Committee, I still maintained that any action of the Conference must be reported to the said State Central Committee, as the resolution creating your body says a "report shall be made," and I further maintain that all your acts must be in conformity with the rules of the Democratic party and that your committee has no power or authority to amend or change them.

I take this position not because of any personal interest, for I assure you I have never sought the chairmanship nor do I now factiously seek to retain it, but because if your acts can nullify the established rules of the party, any subsequent committee can or could do the same and party rules and laws would be entirely useless, and there could be no stability either in the rules or in the party organization.

A reading of such rules, if you care to read them, may not convince you, but I will perhaps more clearly define why I have written at such length.

Room Burnt Out.

A mysterious fire occurred at the home of M. L. Burgard near East Berlin on Thursday night, March 2. The fire, which occurred in a room on the second floor, burned the carpet and some other articles, while the family slept during the night. When a member of the family went to the room next morning it was only discovered that the place had been on fire during the night and it was entirely out. How it originated and at what hour is not known by any member of the family. The room was closed and this no doubt is the reason why the flames did not spread. Had the fire gotten air it is quite likely that it would have resulted disastrously and perhaps burned to death the family sound asleep in the building. It will be remembered that Mr. Burgard's wife died in a hospital on the Monday previous and the funeral was held from the house on the day preceding the fire.

Hon. Jas. A. Tawney Provided For.

On last Thursday announcement was made of the membership of the international commission for the settlement of boundary water disputes between United States and Canada, and former Congressman James A. A lump sum of \$75,000 was given to it and salaries were not fixed but it is said will be not less than \$7,500 and may be \$10,000 annually. The commission will settle disputes between Canada and the United States and between the citizens of the two countries arising over the use of navigable waters running from one to the other.

ALMSHOUSE LAND SALE SIX ACRES AGREED TO BE SOLD TO MARTIN WINTER.

Sale Means Development of Northern End of Town and Increased Beauty of Surroundings.

The Directors of the Poor of Adams County at their meeting last week agreed to sell to Martin Winter a tract of land lying between the Carlisle and Harrisburg roads north of the borough line. The tract runs almost to the small stream running through the Poor House farm along the Carlisle road and contains about six acres. Mr. Winter agreed to pay \$350 an acre for the entire plot, part of which can be made available for building lots and part only being available for farm land.

In addition to the money consideration Mr. Winter agreed to build a wire fence along the dividing line between the land bought and the Poor House land, and also to plant along the dividing line a California privet hedge. Mr. Winter also agreed to spend the sum of \$200 in cash for outdoor improvements on or about the buildings and grounds of the Alms house and is to have the privilege of planting a row of trees along the Carlisle road as far as Howard Avenue at his own expense.

The Directors of the Poor have acted wisely in selling this tract of land and making provision for hedge fence. The land has only been used for farm purposes and such use is its sole value to the institution. The sale permits the growth of the town northward and will greatly add to the appearance of things at the Alms house. The price agreed upon with provisions makes the sale equal, if not better, than any land previously sold in this vicinity. And it is fortunate to have the tract pass to Mr. Winter who always greatly improves his real estate holdings. The Alms house buildings are now without protection or beauty of trees and a hedge of green with trees toward town will vastly increase the outlook both ways.

It is Mr. Winter's purpose to extend Broadway at his own expense from Carlisle street to Harrisburg road, donating to the public a piece of ground 80 feet wide and 1000 feet long and he will put down walks, make grass plots, plant trees and grade the street.

The Battlefield Commission have added greatly to the Alms house property with beautiful and well kept avenues on north and west and with an extension of Broadway on the south the Poor House property will be surrounded by well kept avenues and with some landscape gardening which is needed to keep up institution with surroundings, the place will grow in beauty and value.

Resignation of Dr. D. W. Woods, Jr.

A meeting of the congregation was held in the lecture room, Monday afternoon to consider the resignation of Rev. D. W. Woods, Jr., Pastor of the Presbyterian church of this place, which had been announced on Sunday morning and the following resolution presented by Hon. S. McC. Swope was unanimously adopted:

Whereas our Pastor, Rev. D. W. Woods, Jr., has suddenly and with great surprise to us all handed in his resignation as pastor of this church.

And in a spirit of undiminished love and affection for us all, has requested us to join with him in the severance of our relations as pastor and people, for the reason that he is in need of a long and undisturbed rest.

Therefore be it resolved: that with great regret and the assurance of our undivided love, confidence and respect, and with a deep appreciation of his faithful, devoted and conscientious service to this congregation and community for a period of nearly fifteen years. As a duty to him, although a great loss to ourselves, we accept his resignation.

Mr. Calvin Hamilton was appointed commissioner, with Hon. S. McC. Swope, alternate, to convey the action of the congregation to Presbytery, which meets at New Castle, April 11th, 1911.

An Official Goes Wrong.

Postmaster General Hitchcock, after weaving a net around a clerk in his department, who was suspected of selling postage stamps, last week dismissed him from the Government service, and a few minutes later had him arrested and held for the Grand Jury under \$5000 bond. The profit from the fraud is in excess of \$10,000.

The man is Arthur M. Travers, for seven years chief clerk of the office of the Third Assistant Postmaster General, and an official not only of more than ordinary ability, but one who has served steadily for over a year in the department cabinet as Acting Third Assistant Postmaster General.

His alleged offense was selling postage stamps of large denominations, such as 25 and 50 cent stamps, which had been printed specially on cardboard as samples, and with a word "canceled" printed in red ink across their face. Travers, it is charged,

manipulated the stamps in his custody in such a way as to have good stamps that were salable deposited in place of those sold, and the latter he had fixed so that the philatelists took them as genuine. As they were very rare, the department having abandoned their issue several years ago and forbidden that the sample prints should be given away, they naturally commanded large prices. In some cases such outlawed stamps sold as high as \$100.

Travers confessed and told the inspectors how he had been operating. He said he caused to be delivered to himself the rare stamps of great value and falsified the records of his office by certifying that a portion of the stamps were legally destroyed after condemnation. Instead of having them destroyed, however, he withheld them and substituted stamps in current use to an amount equal to those condemned, disposing of the obsolete issue at a very large profit.

While the philatelic value of the stamps so disposed of exceeded \$10,000, the Government has suffered no pecuniary loss because of Mr. Travers' manipulation.

Travers is a native of Michigan, 41 years old, and came to Washington from Detroit in 1901 to take the place of confidential clerk to the Third Assistant Postmaster General, Mr. Madden. He was rapidly advanced by Mr. Madden, became a routine inspector and assistant superintendent of the registry system within the first year. In November 1903, he became chief clerk to the Third Assistant Postmaster General, and when Mr. Madden retired and Mr. Lawshe came in he remained in the place.

Mr. Lawshe was ill for over a year soon after his succession, and Travers was Acting Third Assistant Postmaster General during that time. Congress voted him an additional \$1000 a year to pay him for performing the duties of the higher position.

Travers was not unknown officially through this section. The Compiler made his acquaintance in an unhappy way. He was the Washington official who listened to the local complaint about our subscriptions, from whom all communications were received, whom we personally interviewed and who gave the final order when we were recently compelled to have a paid up subscription list, which treatment was not handed out to any other paper in this territory. Being under surveillance at the time he was quite officious in a display of his own duty and what he asserted was the duty of others. We had never met an official who quite the manners of Travers—one who told us he had no use for lawyers and made other odd assertions—and we could not guess at their significance until the news of last week became public.

Parent-Teachers' Association.

The Parent-Teachers' Association met Tuesday evening, March 10, in the High School building. The president having called the meeting to order, the minutes were read and approved. Communications were read from the

Educational Board of Child Welfare Magazine and from the corresponding secretary of State.

A class in civics was conducted by Miss Rummel, in which she demonstrated how the pupils of the A Grammar grade are taught the facts concerning the government of county, state and nation. The boys and girls then sang "One Flag We Follow."

The address of the evening was given by Dr. Granville. He congratulated the members of the association upon their interest in matters educational. He spoke of the great broadening influence of such organizations. His address took the form of an appeal to the parents to strain every effort to provide their children with the higher education. That such an education enables the person to occupy lucrative positions, and in a larger sense makes of him an honest Christian citizen.

A piano duet by Miss Ivy Tawney and Miss Alice Miller followed the address.

The question, "Home Reading," was opened by Mrs. Seligman, who made an earnest plea in behalf of the best in literature that the taste for the vicious may not be cultivated. This question was further discussed by Rev. D. W. Woods, Mrs. H. M. Roth, Miss Cope, Rev. Sherrick, Prof. Burgoon. All participants made emphatic the importance of encouraging the child to form early a taste for reading, and of providing only that written in the English and of the highest in ideals. Mr. Woods recommended the "Youth's Companion" as one of the best periodicals for reading in the home.

The president appointed the following committee to arrange a program for next meeting: Mrs. H. M. Roth, Miss Annie Major, Mrs. Edna Zane. The association then adjourned after the singing of "America," to meet April 14.

TOWN COUNCIL REORGANIZES MAIN CONTEST WAS OVER THE BOROUGH TREASURESHP.

Growing Out of What Was Considered Unnecessary and Unkind Comment of Councilmen.

The Town Council met on Tuesday evening of last week for the purpose of organizing for the balance of the year by the appointment of officers. By the recent amendments to the constitution, election of borough officers will take place at the fall election and after the fall election the newly elected officials will then make the appointments for the following year.

There was one appointment that involved considerable discussion, that of borough treasurer, and the contest was one in which politics had little if anything to do. The treasurer of last year, P. R. Bickle, and Edgar A. Crouse, were the nominees and the former was re-elected by votes of three Democrats and two Republicans, Butt, Armor, Stock, Tawney and Shearer, while Mr. Crouse received the votes of three Republicans and one Democrat, Kitzmiller, Trostle, Koch and Codori.

The issue involved in this appointment was largely the treatment council had received from the official in reports to his paper. It was said that remarks dropped in council room were published in a way to place the councilmen in an unfavorable attitude. Councilmen in borough are public spirited citizens, in fact neighbors, who serve the town without salary or pay of any kind and should be entitled to the respectful consideration of all other citizens at all times, specially the press.

Burgess J. A. Holtzworth presided at the reorganization meeting. H. S. Trostle was re-elected president of the council. Charles B. Kitzmiller was re-elected secretary and Robert E. While was re-elected attorney without opposition.

There was a contest over the office of market master and janitor which was combined and Chas. G. Miller was elected to the office over Otis G. Baughman by vote of 5 to 4. The salary of this office was fixed at \$25 a month during market season and \$11 other months.

After the reorganization Mr. Trostle took the chair and following business was transacted:

Councilman Butt reported that committee on crossing over W. M. R. R. were of the opinion that crossing at the Reaser Furniture plant should be abandoned and a crossing secured at street at Shipr Factory and that the committee proposed to meet with the engineer of the W. M. R. R. to see what can be done.

Councilman Armor of the Property Committee reported that two new fire plugs had been purchased instead of four in order to save expenses. He also reported that the Sewer Committee had been requested to build 175 feet of sewer from Washington street to the Reichle and Crouse slaughter house. No action was taken on this request.

Councilman Codori asked for a crossing in middle of first square of York street. No action being taken a motion then prevailed that private individuals be granted permission to build such a crossing under supervision of the Highway Committee.

A committee was named composed of Councilmen Butt, Kitzmiller and Attorney While to draw up water contract with Water Co. for the next five years.

Burgess Holtzworth suggested that the Highway Committee take up the matter of having pavements put down along Railroad street this spring.

Council adjourned until this Wednesday evening, March 15, when election of street commissioner and police will take place.

Automobile Club Organized.

The Gettysburg Automobile Club was formed last week with the following officers and members: Chas. S. Duncan, President; J. E. McCammon, First Vice President; C. Wm. Beales, Second Vice President; E. H. Markley, Secretary; W. F. Gilliland, Treasurer; John D. Keith, Dr. J. P. Dalbey, and John W. Brehm, Executive Committee; D. J. Forney, E. D. Hudson, P. A. Miller, C. A. Stoner, George F. Eberhart, C. B. Redding, Dr. Walter H. O'Neal, N. H. Musselman. The following honorary members were elected: C. W. Myers, J. Donald Swope, Leo Miller, Francis Miller, W. A. Taughnbaugh.

The club will arrange for a run in May to take in Frederick, Hagerstown and Chambersburg. The club will seek to put an end to speeding by its members in borough limits and will co-operate in the interest of good roads. The membership of the club will be open to all auto owners in town and the county with an honorary list of members of those who do not own machines but are interested in the purposes of the organization.

Big Oil Blaze.

A leak in the pipe line of the Pure Oil Company on the farms of George Kindig and Levi Miller, near Sell's Station in Union township, resulted in a loss of 1000 barrels of oil. On Tuesday of last week the break having been repaired the oil was set on fire and made a great blaze and smoke. On the Kindig farm some trees and fences were ruined by the fire. The loss was adjusted by the company at once and the company's loss including the damages paid are said to be about \$2000. Farmers near leakage dined up and saved about 25 barrels of the oil.

DEATH LIST OF A WEEK

FATHER OF ADAMS CO. WOMAN ACCIDENTALLY DROWNED.

Four Unusual Deaths—Husband and Wife on One Day—Husband and Wife One Day Apart.

W. H. HARR of McConnellsburg, was accidentally drowned in two feet of water near Big Cove Tannery, Fulton county, on Friday, March 3. He had taken a young man to the Tannery and after supper started to the house of a brother-in-law. He had to cross a small stream and in passing over the bridge his horse took fright and backing, broke the guard rail of bridge and ran the rear wheels of the open buggy in which he was seated, off the end of the bridge throwing the driver from the vehicle and over an embankment a distance of fourteen feet, but not directly into the water. Dazed by the fall it is supposed that in endeavoring to regain his feet he fell into the water and was too much stunned and exhausted to help himself. Another conveyance in the rear of Mr. Harr, but not within sight, on account of a turn in the road, heard him calling, hastened to the bridge and found horse standing in road and the empty buggy poised over the edge of the bridge. Securing help and a lantern the lifeless body of Mr. Harr was found in the water. The body was taken to McConnellsburg and the funeral was held on Monday of last week. He was aged 66 years, 6 months and 4 days. He leaves two daughters and three sons, Mrs. Marvin Cluck of Gettysburg, Mrs. Grace Bender of McConnellsburg, Edward of Riddiesburg, Robert of Trafford City, and Gilbert in the West.

JEREMIAH D. FEEZER, aged 76 years and 10 days and his wife, Annie M. Feezer, aged 75 years, died in a very unusual way on Monday of last week, March 6. The deaths were within a half hour of each other. Both died of pneumonia, with which they had suffered for about a week. Mr. and Mrs. Feezer had resided in Taneytown district and vicinity all their lives, and were well known and highly respected. Both were born in Adams county, the latter being a daughter of Samuel Arentz. They leave the following children: Harry L. and William G. Feezer of Taneytown district, Theodore H. of near Harney, and Mrs. Quincy Shoemaker of Emmitsburg. The double funeral was held on Wednesday afternoon, at the Harney Lutheran church, the services being in charge of Rev. P. T. Stockslager.

SINGLETON M. STEVENS of Hunting-ton township died on last Saturday evening aged 73 years, 5 months and 27 days and Mrs. Evelyn Stevens, his wife, died on Sunday evening, aged 67 years, 3 months and 27 days. Mr. Stevens was well known in upper end of the county, having been a wagon-maker for many years. He was a veteran of the Civil War. The double funeral will be held to-day, Wednesday, services by Rev. Burkholder and interment at Rock Chapel. They leave three daughters, Mrs. George Chronister of York Springs, and Mary and Clara at home. Mr. Stevens is survived by a brother and sister, John Stevens of Heildersburg, and Mrs. Samuel Cooler of Wexville. Mrs. Stevens is survived by two sisters and four brothers, Mrs. William Spangler and Mrs. Wesley Stevens of Newburg, Wm. Bolen of Carlisle, Leander Bolen of Cumberland county, Dyson and Jeremiah Bolen in the West.

JOHN BURN, a farmer residing on the Trostle farm, near Square Corner, this county, died last Thursday, Mar. 2, from a complication of diseases, aged about 73 years. He was a blacksmith by trade and conducted business in New Oxford many years ago, after which he followed farming. The deceased is survived by his wife and several children; also two brothers, Adam Bupp, of near East Berlin, and Lewis Bupp of East Berlin. Mrs. William Sentz, of Midway, is a daughter. Funeral on Sunday, March 12th, and interment in New Oxford cemetery. Revs. Baker and Korn officiating.

HARRY J. SMITH did at his home in Mt. Pleasant township on Thursday, March 2, aged 35 years, 5 months and 15 days. The cause of death was a sarcoma. It will be remembered as previously stated in these columns, Mr. Smith, while engaged at farming about two years ago, had one of his ankles badly injured in an accidental fall from a wagon. Everything possible was done for his relief but the injury proved to be of such a nature that it would not yield, even though several operations were performed by noted physicians and surgeons, and a short time before the holidays he had the limb amputated close to the knee, but this also proved of no avail. He was a son of the late Henry V. Smith who died rather suddenly at Abbotstown several years ago. He is survived by his wife and three children, also by his mother and one sister, Mrs. Orndorff of McSherrystown. The funeral was held Saturday, March 4, interment being made in the New Oxford Catholic cemetery after a High Mass of Requiem in the Church of the Immaculate Conception by Rev. J. L. Shickels.

Mrs. MARY FEIGER, wife of Charles Feiger, a former resident of Littlestown, died at her home in Williamsport on Thursday, March 2nd. Deceased had been in ill-health for several years, but was confined to her bed only several days. The remains were taken to Littlestown to the residence of Mr. and Mrs. Geo. W. mixed with the regular feed. It puts all the machinery (organs) of her body in perfect working order; strengthens and builds up the digestive system and gives the assimilative organs power to extract more of the nutriment from the regular feed, thus saving and converting into milk and butter-fat what otherwise would pass off in the manure and be wasted.

"U. S. STOCK FOOD TONIC" is recognized by thousands of the foremost and up-to-date farmers, stockmen and dairymen of the country as The Great Forward Step in MODERN ECONOMIC FEEDING of all live-stock. It is not intended to take the place of the regular feed ration; but it gives the animal power to utilize or make use of that large portion of their regular feed which under ordinary conditions is lost. It not only in this way saves feed, but it causes animals to grow more rapidly and fatten in much shorter time, best keeping them healthy, strong and vigorous, thus saving loss from disease. Ask your dealer for U. S. If he cannot supply you write to us.

DEATH LIST OF A WEEK

FATHER OF ADAMS CO. WOMAN ACCIDENTALLY DROWNED.

Four Unusual Deaths—Husband and Wife on One Day—Husband and Wife One Day Apart.

WM. H. HARR of McConnellsburg, was accidentally drowned in two feet of water near Big Cove Tannery, Fulton county, on Friday, March 3. He had taken a young man to the Tannery and after supper started to the home of a brother-in-law. He had to cross a small stream and in passing over the bridge his horse took fright and backing, broke the guard rail of bridge and ran the rear wheels of the open buggy in which he was seated, off the end of the bridge throwing the driver from the vehicle and over an embankment a distance of fourteen feet, but not directly into the water. Deized by the fall it is supposed that in endeavoring to regain his feet he fell into the water and was too much stunned and exhausted to help himself. Another conveyance in the rear of Mr. Harr, but not within sight, on account of a turn in the road, heard him calling, hastened to the bridge and found horse standing in road and the empty buggy poised over the edge of the bridge. Securing help and a lantern the lifeless body of Mr. Harr was found in the water. The body was taken to McConnellsburg and the funeral was held on Monday of last week. He was aged 66 years, 6 months and 4 days. He leaves two daughters and three sons, Mrs. Marvin Cluck of Gettysburg, Mrs. Grace Bender of McConnellsburg, Edward of Riddlesburg, Robert of Trafford City, and Gilbert in the West.

JEREMIAH D. FEESER, aged 76 years and 10 days and his wife, Annie M. Feaser, aged 75 years, died in a very unusual way on Monday of last week, March 6. The deaths were within a half hour of each other. Both died of pneumonia, with which they had suffered for about a week. Mr. and Mrs. Feaser had resided in Taneytown district and vicinity all their lives, and were well known and highly respected. Both were born in Adams county, the latter being a daughter of Samuel Arehtz. They leave the following children: Harry L. and William G. Feaser of Taneytown district, Theodore H. of near Harney, and Mrs. Quincy Shoemaker of Emmitsburg. The double funeral was held on Wednesday afternoon, at the Harney Lutheran church, the services being in charge of Rev. P. T. Stockslager.

SINGLETON M. STEVENS of Hunting-ton township died on last Saturday evening aged 73 years, 5 months and 27 days and Mrs. Eveline Stevens, his wife, died on Sunday evening, aged 67 years, 3 months and 27 days. Mr. Stevens was well known in upper end of the county, having been a wagon-maker for many years. He was a veteran of the Civil War. The double funeral will be held to-day, Wednesday, services by Rev. Burkholder and interment at Rock Chapel. They leave three daughters, Mrs. George Chronister of York Springs and Mary and Clara at home. Mr. Stevens is survived by a brother and sister, John Stevens of Heidersburg, and Mrs. Samuel Cooley of Weaverville. Mrs. Stevens is survived by two sisters and four brothers, Mrs. William Spangler and Mrs. Wesley Stevens of Newburg, Wm. Bolen of Carlisle, Leander Bolen of Cumberland county, Dyson and Jeremiah Bolen in the West.

JOHN BURN, a farmer residing on the Trostle farm, near Square Corner, this county, died last Thursday, Mar. 9, from a complication of diseases, aged about 73 years. He was a blacksmith by trade and conducted business in New Oxford many years ago, after which he followed farming. The deceased is survived by his wife and several children; also two brothers, Adam Bupp, of near East Berlin, and Lewis Bupp of East Berlin. Mrs. William Senft, of Midway, is a daughter. Funeral on Sunday, March 12th, and interment in New Oxford cemetery. Revs. Baker and Korn officiating.

HARRY J. SMITH did at his home in Mt. Pleasant township on Thursday, March 2, aged 35 years, 5 months and 15 days. The cause of death was a sarcoma. It will be remembered as previously stated in these columns, Mr. Smith, while engaged at farming about two years ago, had one of his ankles badly injured in an accidental fall from a wagon. Everything possible was done for his relief but the injury proved to be of such a nature that it would not yield, even though several operations were performed by noted physicians and surgeons, and a short time before the holidays he had the limb amputated close to the knee, but this also proved of no avail. He was a son of the late Henry V. Smith, who died rather suddenly at Abbottstown several years ago. He is survived by his wife and three children, also by his mother and one sister, Mrs. Oradorn of McSherrystown. The funeral was held Saturday, March 4, interment being made in the New Oxford Catholic cemetery after a High Mass of Requiem in the Church of the Immaculate Conception by Rev. J. L. Shields.

Mrs. MARY FLEIGER, wife of Charles Fleiger, a former resident of Littlestown, died at her home in Williamsport on Thursday, March 2nd. Deceased had been in ill-health for several years, but was confined to her bed only several days. The remains were taken to Littlestown to the residence of Mr. and Mrs. Geo. W. Parr, the latter being a niece of Mr. Fleiger's from which place funeral was held Monday morning, March 6th. Services were conducted by the Rev. J. B. Mann, and interment made in Mt. Carmel cemetery. Mrs. Fleiger was the youngest daughter of the late Wm. Hazlett of Chambersburg, where she was born, and is survived by two brothers and a sister, John and Gear Hazlett of Williamsport and Mrs. George Kohler of Littlestown.

RECORD YOUR DEEDS

By an Act of Assembly of 1893, "All Deeds and Conveyances shall be recorded within sixty days after their execution or shall be adjudged fraudulent and void against subsequent purchasers.

Also the Act of Assembly of 1909, prescribes a short form of Deeds, and "again requires the recording to make them valid."

It is also a great protection against loss or deed being burned by having them recorded, and costs but a small sum, compared to getting a new deed. Bring or send them into the Recorder's office, and in a few days they will be returned to you.

Spring Sales in Adams County-1911

Spring sales to be successful must have bidders who want the goods sold. Bidders go to sales because of information in hand of stock or property to be sold that they want. The business of every farmer having a sale is to give information to bidders of what is to be sold so as to induce them to come to sale. In other words every sale should be thoroughly advertised to bring the bidders and make a good sale. The COMPILER has been considered the best medium in the county for the advertisement of spring sales. Send or bring in your sale lists to the COMPILER and make sure that the thousands who read the COMPILER will have the opportunity of knowing what you have to sell and going to your sale for the advertised goods.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it arouses Lewis (Chambin) of Manchester, O. (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, LaGrippe, Whooping Cough, Hemorrhages, before it, 70c and \$1.00. Trial bottle free. Sold by The Peoples Drug Store.

New OXFORD is expecting one of the greatest building booms this year it has ever had.

A Great City Daily.

Of all the great city dailies there is none that stands as high in the estimation of out-of-town readers as "The Philadelphia Record," which has built up an enormous circulation outside of Philadelphia as well as within strictly on its merits as a wholesome, wide-awake and fearlessly edited family newspaper.

"The Record" occupies a somewhat unique position as a Democratic paper published in the principal citadel of Republicanism and commanding a strong following even among the warmest supporters of opposing parties. The fact is that people of all political faiths, and of no political faith, want the news; they want it accurately presented, in the most readable form, and they want it uncensored by partisanship. This they get in "The Record," which confines its editorial opinions to its editorial columns, and chronicles the world's doings just as they happen.

In building the foundations of "The Record's" popularity broad and deep, however, its publishers have not depended solely upon its news appeal. They have made it the leading authority on sporting matters; its market quotations are the recognized standard of buying and selling in all the territory tributary to Philadelphia, and its regular departments devoted to the latest developments in agriculture, every-day science, housekeeping, fashions and woman's interests in general make it all but indispensable in the home and on the farm.

"The Philadelphia Record" is a newspaper that every member of the family wants to read, and that every member of the family profits by reading. It is clean, typographically and morally. There isn't a line in it that the head of the household feels he ought to cut out before passing it along to the women and children.

Foley Kidney Pills

Just the right medicine for backache, rheumatism, Bright's disease and all urinary irregularities. Mrs. J. W. Thompson, 102 W. Jackson St., York, Pa., says: "For several years I have had trouble with my kidneys and bladder and suffered terribly. I had headaches with black specks floating before my eyes and felt miserable and all worn out. I began taking Foley Kidney Pills and in a few days I noticed my headaches stopped, my kidneys became normal in their action and the pain in my bladder vanished. To day I am a well woman and I give praise to a Foley Kidney Pills for what they did for me. Sold by the Peoples Drug Store."

GOOD NEWS.

Many Gettysburg Readers Have Heard It and Profited Thereby.

"Good news travels fast, and the thousands of bad back sufferers in Gettysburg are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading:

Mrs. H. H. Ridinger, 25 Breckenridge St., Gettysburg, Pa., says: "I can endorse Doan's Kidney Pills just as highly today as I did two years ago when I publicly told of their merits. A member of my family was afflicted with backache and at night often had to get up and sit in a chair. The kidneys were weak and there were severe pains throughout the body. Doan's Kidney Pills were finally procured at the People's Drug Store and they brought relief from the first. As their use was continued, a great improvement was noticeable. I was led to try Doan's Kidney Pills by this person's experience and I am glad to say that I received relief from disagreeable symptoms of kidney trouble that had clung to me for some time. I cannot give Doan's Kidney Pills more praise than they deserve."

For sale by dealers. Price 50 cents Foster Milburn Co., Buffalo, New York sole agents for the United States.

Honest Measures.

The March Good Housekeeping tells of a housewife's struggle for honest Measure and her difficulties are answered by an article showing what the government is doing. The inspectors of the government have found in the last five years such a quantity of false measures all over the country, in scales and measures that they say they are warranted in estimating that the consumers in Philadelphia alone pay every year \$2,419,000 for goods they never received. In Vermont 40 percent of the scales were incorrect and 88 percent of the errors were against consumers. Many brands of butter were found weighing only 11 ounces to the pound. The inspectors report that the dealers in Maine and Vermont were found no more righteous than in Louisiana or Montana. The remedy sought is uniform, honest measures by Act of Congress.

WOMAN SUFFRAGE

It is to be hoped that the representatives of Adams County in the Legislature will give their votes to the Woman Suffrage Amendment. Woman Suffrage is one of the greater liberties that is coming and because it is right. Political liberty has been an enlarging education carrying forward a better civilization and it is a reflection upon manhood that man born of woman has not given equal political liberty to the woman who gave him life.

This question has rapidly gained in strength during the last few years, and is now one of world-wide importance.

In five States of the Union, Wyoming, Colorado, Utah, Idaho and Washington, women vote for all offices and, in more than half the States, women have partial suffrage.

In Australia, New Zealand, Finland and Norway, women have full suffrage, and vote for all officers except members of Parliament in Great Britain and Canada, and they have partial suffrage in several other countries in Europe.

Within the last few weeks, an Amendment has passed both Houses of the California and Kansas Legislatures by a large majority, and will now be voted on at the polls.

Among the States that will consider similar Amendments this year, are Texas, Nebraska, Arizona, Massachusetts, New York, Ohio, Illinois, Connecticut and Michigan.

The Pennsylvania Woman Suffrage Association, in 1885, presented a similar Amendment that was passed by the House of Representatives, but was lost in the Senate by a small majority. This is the first time since that year, that the Pennsylvania Association has presented an Amendment asking that the Franchise be extended to women. And may Pennsylvania not be at the end of the procession for justice to women by equal suffrage.

JUDGES SALARIES.

Adams County will approve almost unanimously of the vote of Hon. James C. Cole last week when he voted against the bill to increase the salaries of Judges of the State. The bill passed the House by vote of 108 to 80 but Mr. Cole's vote was among the 80. The salary of a Judge should be equal to the amount the best of lawyers are making in a county. Such was the fact in Adams when the salary was \$4,000. There was no reason in Adams County for the raise to \$5,000 made several years ago and there is none whatever now for the proposed raise to \$6,000.

The scale of salaries by new bill is as follows: Supreme court, chief justice \$14,500, and associate justice \$14,000; superior court, president judge \$13,500, and associate judges \$13,000; Philadelphia and Allegheny counties \$12,000; counties having between 250,000 and 500,000, \$8,500; between 100,000 and 250,000, \$7,000; less than 100,000, \$6,000; and Dauphin county judges \$2,000 additional for trying commonwealth cases.

Work of Last Session of Congress.

The Sixty-first Congress adjourned on March 4th and the results of larger interest, the things done and things left undone have been paraphrased as follows:

Positive results:
Provision of \$3,000,000 for the fortification of the Panama canal.

Provision for two new battleships.

Recodification of the judicial code—regarded as most important for the amelioration of the law's delays.

Creation of forest preserves in the southern Appalachian and White mountains.

Providing for the construction of embassy and legation buildings abroad.

Requiring the inspection of locomotive boilers.

Negative results:
Failure to oust William Lorimer, who was elected to the senate from Illinois by purchased votes.

Failure of the Canadian reciprocity agreement and consequent certainty of an extra session.

Failure of the permanent tariff board bill, which passed the senate, but was killed by a filibuster in the house.

Failure of the resolution to admit to statehood Arizona and New Mexico, killed by a filibuster in the senate.

Failure of the resolution providing

for the direct election of United States senators.

Failure of the general age pension bill.

Failure to act on Ballinger-Pinchot investigation reports.

Failure to enact the ocean mail subsidy, passed by the senate alone.

Huston Properly Convicted.

The Superior Court handed down a decree last week affirming the judgment of the Dauphin county court, convicting Joseph M. Huston, of Philadelphia, of conspiracy to defraud the State in the furnishing of the State Capitol.

The officials and contractors so far proceeded against are either in jail or dead. Two of the defendants, a former Auditor General, William P. Snyder, and a former Superintendent of Public Grounds and Buildings, James M. Shumaker, are each serving two year's imprisonment in the Eastern Penitentiary, while the remaining defendants, John H. Sanderson, who had the contract for furnishing the Capitol, and a former State Treasurer, William L. Muthues, are dead.

Model Orchard Demonstrations.

The spring schedule of public meetings in the demonstration model orchards of the bureau of economic zoology of the state department of agriculture was announced March 4 by State Economic Zoologist H. A. Surface. The meetings will start on Monday, March 13, and will end on Friday, April 21.

The bureau of economic zoology now has 250 orchards in all of the counties of the state listed as demonstration model orchards. In eighty of these orchards meetings were held last fall, and meetings will be held in the others this spring under the schedule announced today. All of these meetings are open to the public. "We want every one to attend who can do so," said Professor Surface, "Let them bring twigs from any trees about which they want advice, and let them ask all the questions they desire. If we get a question we can't answer it gives us something new to study."

Two representatives of the bureau of economic zoology will be present at each of the meetings. Professor Surface himself will attend as many as he can reach. The meetings about to be held will show the results of twelve month's work. One year ago the model orchard work was started. In each of the model orchards a plot has been set apart under the care of the field men of the bureau of economic zoology, and these men have attended it with the design of showing just how such work should be carried on and also, by comparison, showing what should not be done.

The demonstration model orchard work is distinct from the work in the supervision model orchards. The list of supervision orchards number 1000. Generally speaking, the trees in them are cared for directly by the owners with such advice and "supervision" from the state's experts as can be given. The orchard demonstrators found time during the winter, however, to visit most, if not all, of these orchards, and to conduct personal work. These visits have, therefore, made the supervision orchard work only a degree less valuable than the demonstration orchard work.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM...it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Those present were: Mr. and Mrs. William Zink, Mr. and Mrs. Price Oyler, Mr. and Mrs. Charles Sheads, Mr. and Mrs. Wm. McClean, Mr. and Mrs. Michael Orner, Mr. and Mrs. Pious Krout, Misses Sadie Hummer, Jennie Thomas, Tillie Dull, Agnes McClean, Irene McClean, Edna Zink and Mazie Krout, Anna Oyler, Erma Krout, Ethel McClean, Messrs. Horse Power in Water.

The power of a million horses! It may seem incredible, but such is the power of the Rogue, the West's wildest river and Oregon's Matchless Stream. Were the Rogue completely harnessed, it would supply energy enough to move all the traffic and turn all the wheels of manufacture in this great Northwest State. So far as power is concerned the Rogue is the Niagara of the Pacific Coast. There are other rivers that have higher falls, other unnavigable streams that are larger, but there is no other river in all the West that maintains such a constant series of rapids and cataracts from source to mouth. From its source in Crater Lake Park to the sea, a distance of 200 miles, the Rogue is one continual cataract, with but a pause now and then as its waters widen to cross a valley, or to gather fresh force for another wild leap or rush down a rapid—March SUNSET MAGAZINE.

History Repeats Itself.

It makes no difference whether it is millinery, skirts or gowns—the present season cannot claim anything new under the sun. The deeper we dig into the historical and traditional past, the more we realize we are legacies of the old days and races.

There was mercury, the winged messenger of the Gods—behold the little cap-like bit of millinery and the wing trimming that is named after the fleet footed one, which adorns the puffs and curls of the swift-fingered stenographer.

The ridiculous "hobble-skirt" would for dynasties of time have hampered the Chinese women's walking even if their feet were not crippled. The "hobble" is not only the native Chinese woman's straight, narrow style of skirt, but the queer Egyptian and Assyrian figures on stones unearthed by Archaeologists are extremely hobbled.

Centuries ago Russia and the European Continent were swept by an epidemic of an influenza type that passed into history. Now and then it cropped out again in limited areas. Over twenty years ago the whole world was swept by this same disease in an aggravated form and generally named "La Grippe". Since then year by year we have known and experimented with the Grippe germ in all its forms and force. Much has been learned about the proper treatment of these cases, but the best specialists and doctors have agreed that the standard food medicine which has done duty for nearly forty years is still the sheet-anchor for all Grippe victims. Scott's Emulsion relieves the cough, lessens the aches and relieves the prostrating weakness of this disease by thoroughly nourishing every part of the body with the oil food which the health of the body requires when Grippe germs are active. The Emulsion is especially useful in the lung form of the present epidemic which is the most severe and wide spread we have had for more than twenty years.

SCROFULA

Scrofula disfigures and causes life-long misery. Children become strong and lively when given small doses of Scott's Emulsion every day. The starved body is fed; the swollen glands healed, and the tainted blood vitalized. Good food, fresh air and Scott's Emulsion conquer scrofula and many other blood diseases.

Dollars and Cents in Gardening

It is the common impression today that landscape gardening is only a pastime of the rich and that landscape architects are employed only to improve grounds for the sake of making a home or a park more beautiful to look at. On the contrary, the principle of landscape art not only helps to make buildings and grounds more beautiful, but it has an economic value, aside from the assets of healthfulness and content, in making real estate of any kind more attractive that it would be if developed in a haphazard way. The common-sense use of trees and plants, therefore, has an economic value, not only from the esthetic point of view of the landscape architect, but also from the point of view of the present or prospective owner of real estate. There are few things that a home-seeker will pay for more willingly than attractive surroundings. The houselet that is well designed, and has everything in harmony, will, other things being equal, always command a higher rent than will the bleak house and lot lacking a homelike air.

First English Horse Races.

Chester possesses plausible claims to be the birthplace of the British turf. It was one William Lester, who about 1609, "being mayor of Chester, did cause three silver bells to be made of good value to be run for upon the Roode Dee."

This seems the earliest definite establishment of a horse race. From the nature of the prize was derived the proverb "To bear the bell," though the bells in this case existed long before the "ring." Our ancestors being more easily satisfied in the matter of amusement than their degenerate descendants there was apparently only one contest. The "Chester cup," which has been substituted for the "best bell," is now worth \$2,500, to say nothing of Cheshire cheeses for the three placed horses.—Westminster Gazette

In this new star design for the flag, the forty-eight small stars represent the States of the Nation. The star circle symbolizes Federal Unity, Continuous and Unending. The large central star exemplifies the unparalleled Nation—The Great Republic of the World. The red circle enclosed within the star of the Republic represents Our Colonial and Insular possessions.

The Flag Stars newly designed September 10th, 1910, by Dr. Alfred Bierly, Chicago, Ill.

The admission of New Mexico and Arizona to Statehood in the near future will add two new stars to Old Glory. The stars are very crowded now in the blue field and in their necessarily massed condition have no special arrangement or meaning.

Alfred Bierly of Chicago proposes the excellent arrangement shown in the above illustration, a plan that is very attractive and catchy and full of meaning, a better arrangement could scarcely be suggested.

DEATH LIST OF A WEEK

FATHER OF ADAMS CO. WOMAN ACCIDENTALLY DROWNED.

Four Unusual Deaths—Husband and Wife on One Day—Husband and Wife One Day Apart.

Wm. H. HARR of McConnellsburg, was accidentally drowned in two feet of water near Big Cove Tannery, Fulton county, on Friday, March 3. He had taken a young man to the Tannery and after supper started to the home of a brother-in-law. He had to cross a small stream and in passing over the bridge his horse took fright and backing, broke the guard rail of bridge and ran the rear wheels of the open buggy in which he was seated, off the end of the bridge throwing the driver from the vehicle and over an embankment a distance of fourteen feet, but not directly into the water. Dazed by the fall it is supposed that in endeavoring to regain his feet he fell into the water and was too much stunned and exhausted to help himself. Another conveyance in the rear of Mr. Harr, but not within sight, on account of a turn in the road, heard him calling, hastened to the bridge and found horse standing in road and the empty buggy poised over the edge of the bridge. Securing help and a lantern the lifeless body of Mr. Harr was found in the water. The body was taken to McConnellsburg and the funeral was held on Monday of last week. He was aged 66 years, 6 months and 4 days. He leaves two daughters and three sons, Mrs. Marvin Cluck of Gettysburg, Mrs. Grace Bender of McConnellsburg, Edward of Riddlesburg, Robert of Trafford City, and Gilbert in the West.

Jeremiah D. Feezer, aged 76 years and 10 days and his wife, Annie M. Feezer, aged 75 years, died in a very unusual way on Monday of last week, March 6. The deaths were within a half hour of each other. Both died of pneumonia, with which they had suffered for about a week. Mr. and Mrs. Feezer had resided in Taneytown district and vicinity all their lives, and were well known and highly respected. Both were born in Adams county, the latter being a daughter of Samuel Arentz. They leave the following children: Harry L. and William G. Feezer of Taneytown district, Theodore H. of near Harney, and Mrs. Quincy Shoemaker of Emmitsburg. The double funeral was held on Wednesday afternoon, at the Harney Lutheran church, the services being in charge of Rev. P. T. Stockslager.

SINGLETON M. STEVENS of Huntingtown township died on last Saturday evening aged 73 years, 5 months and 27 days and Mrs. Eveline Stevens, his wife, died on Sunday evening, aged 67 years, 3 months and 27 days. Mr. Stevens was well known in upper end of the county, having been a wagon-maker for many years. He was a veteran of the Civil War. The double funeral will be held to-day, Wednesday, services by Rev. Burkholder and interment at Rock Chapel. They leave three daughters, Mrs. George Chronister of York Springs and Mary and Clara at home. Mr. Stevens is survived by a brother and sister, John Stevens of Heldersburg, and Mrs. Samuel Cooley of Wrensville. Mrs. Stevens is survived by two sisters and four brothers, Mrs. William Spangler and Mrs. Wesley Stevens of Newburg, Wm. Bolen of Carlisle, Leander Bolen of Cumberland county, Dyson and Jeremiah Bolen in the West.

JOHN BUPE, a farmer residing on the Trostle farm, near Square Corner, this county, died last Thursday, Mar. 9, from a complication of diseases, aged about 73 years. He was a blacksmith by trade and conducted business in New Oxford many years ago, after which he followed farming. The deceased is survived by his wife and several children; also two brothers, Adam Bupp, of near East Berlin, and Lewis Bupp of East Berlin. Mrs. William Senft, of Midway, is a daughter. Funeral on Sunday, March 12th, and interment in New Oxford cemetery, Revs. Baker and Korn officiating.

HARRY J. SMITH did at his home in Mr. Pleasant township on Thursday, March 2, aged 35 years, 5 months and 15 days. The cause of death was a sarcoma. It will be remembered as previously stated in these columns, Mr. Smith, while engaged at farming about two years ago, had one of his ankles badly injured in an accidental fall from a wagon. Everything possible was done for his relief but the injury proved to be of such a nature that it would not yield, even though several operations were performed by noted physicians and surgeons, and a short time before the holidays he had the limb amputated close to the knee, but this also proved of no avail. He was a son of the late Henry V. Smith who died rather suddenly at Abbottstown several years ago. He is survived by his wife and three children, also by his mother and one sister, Mrs. Orndorff of McSherrystown. The funeral was held Saturday, March 4, interment being made in the New Oxford Catholic cemetery after a High Mass of Requiem in the Church of the Immaculate Conception by Rev. J. L. Shields.

Mrs. MARY FLEIGER, wife of Charles Fleiger, a former resident of Littlestown, died at her home in Williamsport on Thursday, March 2nd. Deceased had been in ill-health for several years, but was confined to her bed only several days. The remains were taken to Littlestown to the residence of Mr. and Mrs. Geo. W. Parr, the latter being a niece of Mr. Fleiger's from which place funeral was held Monday morning, March 6th. Services were conducted by the Rev. J. B. Mann, and interment made in Mt. Carmel cemetery. Mrs. Fleiger was the youngest daughter of the late Wm. Hazlett of Chambersburg, where she was born, and is survived by two brothers and a sister, John and Gear Hazlett of Williamsport and Mrs. George Kohler of Littlestown.

REV. DANIEL M. BAKER, a bishop of the Church of the Brethren, died at his home near Waynesboro on Saturday, March 4, aged 80 years, 6 months and 4 days. Death was due to the re-

sults from a sunstroke in August 1909. The day had been very warm and he had walked over his farm with a corn chopper in his hands cutting down weeds and was overcome and lay unconscious in the field until found by a member of his household. He never regained his strength. He learned the trade of potter from his father who had lived at Abbottstown, this county, and removed to Franklin county before the birth of the deceased. For many years Mr. Baker conducted the pottery. Forty-five years ago he became a minister of the Church of the Brethren and about nine years ago became the senior bishop of the Antietam congregation. He was a man of the highest character.

The Cow a Milk and Butter Machine

The first thing with a milk cow is to see that she has good care and plenty to feed. The cow is a milk and butter machine; but she cannot manufacture milk and butter unless you provide her with the raw material which is plenty of good feed and water. She should have abundance of these as a certain amount of it must be used to supply the needs of her system, and it is only the overplus or the amount not needed and used to keep up her system that is manufactured or converted into milk and butter.

The second thing necessary (and it is known as the Modern Economic Method of feeding) is to compel the cow to make use of all the feed she eats. This is done by feeding regularly one or two table-spoonsful of

Stock Food ten weeks, he now weighs within 25 lbs. of his former weight. He seems in perfect health and I give him a five mile drive. Before using U. S. Stock Food he could scarcely move in his stall. I will recommend your food to any one. The horse stands the proof in this community.

milk and butter-fat what otherwise would pass off in the manure and be wasted. "U. S. STOCK FOOD TONIC" is recognized by thousands of the foremost and up-to-date farmers, stockmen and dairymen of the country as The Great Forward Step in MODERN ECONOMIC FEEDING of all live stock. It is not intended to take the place of the regular feed ration; but it gives the animal power to utilize or make use of that large portion of their regular feed which under ordinary conditions is lost. It not only in this way saves feed, but it causes animals to grow more rapidly and fatten from disease. Ask your dealer for U. S. If he cannot supply you write to us.

By an Act of Assembly of 1893, "All Deeds and Conveyances shall be recorded within ninety days after their execution or shall be adjudged fraudulent and void against subsequent purchasers."

Also the Act of Assembly of 1909, prescribes a short form of Deeds, and "again requires the recording to make them valid."

It is also a great protection against loss or deed being burned by having them recorded, and costs but a small sum, compared to getting a new deed. Bring or send them into the Recorder's office, and in a few days they will be returned to you.

Spring Sales in Adams County-1911

Spring sales to be successful must have bidders who want the goods sold. Bidders go to sales because of information in hand of stock or property to be sold that they want. The business of every farmer having a sale is to give information to bidders of what is to be sold so as to induce them to come to sale. In other words every sale should be thoroughly advertised to bring the bidders and make a good sale. The COMPILER has been considered the best medium in the county for the advertisement of spring sales. Send or bring in your sale lists to the COMPILER and make sure that the thousands who read the COMPILER will have the opportunity of knowing what you have to sell and going to your sale for the advertised goods.

A Fierce Night Alarm

is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin, of Manchester, O., [R. R. No. 2] for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds or any throat or lung trouble." So do thousands of others. So may you. Asthma, Hay Fever, LaGrippe, Whooping Cough, Hemorrhages fly before it. 50c and \$1.00. Trial bottle free. Sold by The Peoples Drug Store.

A Great City Daily.

Of all the great city dailies there is none that stands as high in the estimation of out-of-town readers as "The Philadelphia Record," which has built up an enormous circulation outside of Philadelphia as well as within strictly on its merits as a wholesome, wide-awake and fearlessly edited family newspaper.

"The Record" occupies a somewhat unique position as a Democratic paper published in the principal citadel of Republicanism and commanding a strong following even among the warmest supporters of opposing parties. The fact is that people of all political faiths, and of no political faith, want the news; they want it accurately presented, in the most readable form, and they want it uncolored by partisanship. This they get in "The Record," which confines its editorial opinions to its editorial columns, and chronicles the world's doings just as they happen.

In building the foundations of "The Record's" popularity broad and deep, however, its publishers have not depended solely upon its news appeal. They have made it the leading authority on sporting matters; its market quotations are the recognized standard of buying and selling in all the territory tributary to Philadelphia, and its regular departments devote to the latest developments in agriculture, every-day science, housekeeping, fashions and woman's interests in general make it all but indispensable in the home and on the farm.

"The Philadelphia Record" is a newspaper that every member of the family wants to read, and that every member of the family profits by reading. It is clean, typographically and morally. There isn't a line in it that the head of the household feels he ought to cut out before passing it along to the women and children.

Foley Kidney Pills

Just the right medicine for backache, rheumatism, Bright's disease and all urinary irregularities. Mrs. J. W. Thompson, 102 W. Jackson St., York, Pa., says: "For several years I have had trouble with my kidneys and bladder and suffered terribly. I had headaches with black specks floating before my eyes and felt miserable and all worn out. I began taking Foley Kidney Pills and in a few days I noticed my headaches stopped, my kidneys became normal in their action and the pain in my bladder vanished. To day I am a well woman and I give praise to Foley Kidney Pills for what they did for me. Sold by The Peoples Drug Store."

ARENDTSTVILLE.

Last Thursday while Orie Heckenluber was splitting stove wood with a double bitt axe he stood a butt of wood on the end, the wood was frozen and when he struck it with the axe it rebounded and struck him in the forehead and cut a gash two inches long. Geo. Carbaugh, son of J. Frank Carbaugh, of near this place, whilst engaged at house painting at the White Pine Sanatorium, fell from a window and broke a rib.

Last Friday morning about 2 o'clock we had a thunder storm which was unusual when the ground was covered with several inches of snow and we had another on Sunday evening. They were both unusual for so early in the spring.

Allen B. Trostle who had cut his left foot badly several weeks ago is now able to be about on crutches.

D. D. Bell of Dayton, Ohio, is a visitor in the home of Mr. and Mrs. Meade Taylor, his son-in-law near this place.

Miss Ada B. Lower of Allegheny City is the guest in the home of Geo. G. Plank and Mrs. James Pettis.

The eight inches of snow which fell in the early part of last week is all gone.

and you will never be troubled to replace them as in the case of wooden ones.
You can make 100 posts with a cement amount of "Edison" to 90 with any other brand but use "Edison" is finer—10% finer, and the reason goes further.
